The World Bronze and the World Silver Plans offer coverage for acute medical conditions only. The plans offer benefits to cover the member in the event of an unfortunate emergency visit to the hospital and if he/she suffers a medical condition that requires surgery.

The World Gold and Platinum Plans offer Care Management for certain medical conditions. WellAway Limited's underwriting team will evaluate the individual's medical history and take appropriate action based on the prognosis of the conditions declared. The enrollment or application form may be accepted or declined for coverage.

*Note: Combinations of conditions and/or medications may result in a decline. In certain instances, if a member declares 3 or more pre-existing conditions, it may result in an automatic decline. Providing accurate information on the application form will facilitate the decision more efficiently.*

The World Gold and World Platinum Plans offer management of pre-existing conditions coverage for the following conditions:
