| Important Questions  | Answers  | Why This Matters:  |
|--|--|--|
| What is the overall deductible?                                      | Network providers<br>\$1,500/Individual or \$3,000/family;<br>Out-of-network providers<br>individual or \$6,000 family (does<br>not apply to preventive care). | Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .   |
| Are there services covered before you meet your deductible?          | Yes. <u>Preventive care</u> and primary care services are covered before you meet your <u>deductible</u> .   | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .                                     |
| Are there other deductibles for specific services?                   | No.  | You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.   |
| What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ? | For <u>network providers</u> \$5,000 individual / \$10,000 family; for <u>out-of-network providers</u> \$10,000 individual / \$20,000 family                   | The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.  |
| What is not included in the out-of-pocket limit?                     | Copayments for certain services, premiums, balance-billing charges, and health care this plan doesn't cover.   | Even though you pay these expenses, they don't count toward the out-of-pocket limit.   |
| Will you pay less if you use a <u>network provider</u> ?             | Yes. See <a href="www.wellaway.com">www.wellaway.com</a> or call 1-855-773-7810 for a list of <a href="metwork providers">network providers</a> .              | This <u>plan</u> uses a provider <u>network</u> . You will pay less if you use a <u>provider</u> in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services. |
| Do you need a <u>referral</u> to see a <u>specialist</u> ?           | No.  | You can see the <u>specialist</u> you choose without permission from this <u>plan</u> .  |

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

#### **About these Coverage Examples:**

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
